

THE NEHEMIAH PROJECT

NEW CITY ASSEMBLIES

Establishing a Permanent Center for Discipleship, Leadership & Community Transformation

A Vision & Investment Prospectus

Presented by Apostle Gabriel Muiyiwa, Founder & Lead Pastor

Foreword: A Work That Outlives Us

Throughout history, God has accomplished extraordinary things through ordinary people who were willing to obey His voice—participating in works that continue to bless lives long after they are gone.

The story of **New City Assemblies** is one of those opportunities. Launched officially on February 27, 2022, this ministry has continued to preach the Gospel, disciple believers, develop leaders, and transform lives despite the absence of a permanent home.

We have worshipped in rented halls, community facilities, and temporary spaces. Each relocation brought challenges, yet God's grace has remained constant, impacting hundreds of lives.

The Nehemiah Mandate

The Nehemiah Project is far more than an effort to acquire a building.

It is a vision to establish a **permanent center** where:

- Worship will rise continually
- Disciples will be equipped in the Word
- Leaders will be developed for Kingdom service
- Young people will be empowered for purpose
- The love of Christ will transform our city

A Letter from the Founder

Apostle Gabriel Muiyiwa on the Burden and Calling Behind the Vision

"God rarely reveals the entire picture at once. Instead, He leads us one step at a time, teaching us to trust Him in every season."

When I gave my life to Christ in 2010, I never imagined the path the Lord had prepared for me. Under the faithful discipleship of my spiritual father, Apostle Benjamin Ola (All Stars Generation Ministry), God patiently shaped my character and planted a lifelong passion for making disciples.

In 2018, God burdened my heart for evangelism. Reaching out to young people became daily life. But winning souls was only the beginning—they needed to be grounded, established, and equipped to make other disciples.

The Genesis of New City Assemblies

After much prayer and counsel, God confirmed this calling, leading to the official inauguration of New City Assemblies on **February 27, 2022**.

Our journey has been marked by both immense joy and persistent operational challenges. We have moved from living rooms to rented halls, facing constant disruptions—yet God's faithfulness has been unwavering throughout.

The Opportunity Before Us

We stand at another defining moment in our story.

The opportunity before us is not simply to purchase a property. It is to establish a permanent home where the work God has entrusted to us can flourish without the uncertainty of constant relocation.

Our vision extends far beyond Sunday services. We see a discipleship and leadership training center, youth skills empowerment, and holistic community transformation.

I humbly invite you to pray with us, believe with us, and partner with us to establish a legacy that will impact generations.

300+

LIVES DIRECTLY IMPACTED & TRANSFORMED

"Your support—whether through prayer, financial giving, professional expertise, or encouragement—will become part of a lasting legacy that will impact countless lives for many years to come."

— **Apostle Gabriel Muiyiwa, Founder & Lead Pastor**

Surrender to Christ and 12 years of mentorship under Apostle Benjamin Ola (Kaduna), cultivating a deep love for Scripture, prayer, and discipleship.

2018 – 2021

Evangelism & Family Prayer Meetings

Daily soul-winning outreach began. A Thursday family prayer meeting grew from 2 brothers to 15 consistent believers, leading to wider outreach teams across Kaduna State.

JAN – FEB 2022

Living Room Launch & Official Inauguration

Inaugurated on February 27, 2022, after receiving apostolic blessing and starting in a living room with a vision for true discipleship.

MID 2022

Eldorado Event Centre, Sabo Tasha

First public venue rented. Forced to move after a few months when the facility was converted into a nightclub.

2022 – 2024

Gurti Multipurpose Hall

Two years of steady growth and transformation until the property owner accepted a higher-paying tenant.

2024 – PRESENT

Temporary Refuges & Present Reality

Brief stays in an abandoned church building and Bwatiye Community Hall. Currently sharing space in Gonin Gora—a temporary setup requiring a permanent solution.

The Cost of Relocation vs. Permanent Faith

Challenges of Temporary Spaces

- **Displacement of Members:** Long travel distances after moves cause loss of disciplined families.
- **Ministry Interruptions:** Constant resetting of momentum and setup delays long-term planning.
- **Resource Drain:** Repeated expenditure on temporary setup and moving fees instead of outreach.
- **Operational Limits:** Inability to establish permanent weekday training, skills centers, or children's facilities.

The Proof of Fruitfulness

Despite constant relocation, God has proven His power through New City Assemblies:

300+ Disciples

Transformed, grounded in Scripture, and actively serving.

Unbroken Resolve

Every closed door deepened our faith and reliance on God.

The Vision: Why We Must Build Now

Temporary Spaces Cannot Sustain a Permanent Kingdom Assignment

Every generation is presented with moments that shape its future. For New City Assemblies, this is our defining moment.

While God does not dwell in physical buildings, His people need a dedicated home to gather, train, pray, and deploy. A permanent center converts temporary momentum into enduring institutional impact.

"Perhaps God is not merely inviting us to secure another temporary location. Perhaps He is inviting us to establish a lasting home for generations."

What the Permanent Center Will Enable

- **Continuous Worship & Prayer:** A sanctuary open for perpetual intercession.
- **Bible & Leadership School:** Classrooms equipping pastors, leaders, and believers.
- **Youth & Skills Empowerment:** Equipping youth with practical trade skills.
- **Family & Child Nurturing:** Safe spaces for godly instruction.
- **City Outreach & Missions:** A launching pad for revival and community aid.

The Property: A Strategic Home

Property Highlights

Location: Strategic position near Refinery Junction, Kaduna.

Accessibility: High visibility along a major road with excellent transit access for members across the city.

Structure: A spacious warehouse facility with generous floor space and room for multi-functional expansions.

Strategic Value

Stability: Eliminates forever the disruption and financial loss of lease expirations and landlord evictions.

Multi-Use Capability: Allows simultaneous hosting of Sunday worship, weekday leadership classes, and youth skills workshops.

Generational Platform: Creates an asset that serves the Kingdom for decades to come.

Initially seeking a 5-10 year lease, we discovered the property was only available for outright purchase. What seemed like an obstacle was God's divine pivot toward permanent ownership.
